VECTOR
THE JOB SEARCH OS

OUTPLACEMENT SERVICES

Letting people go? Give them a real search.

Sponsor Vector for the people leaving, for a set term. Each person gets the full job search product, with an AI coach and career counselor built in. You pay a small setup and their first month when you add them, or only when they accept, then only for the months they use it. Their search stays theirs.

What each person gets

- ✓ The full Vector job search product, the same one people pay for themselves
- ✓ An AI coach and an AI career counselor built in, there whenever they need them
- ✓ Their data stays theirs, and goes with them when the sponsorship ends

What you see

- ✓ Who accepted the invitation
- ✓ Totals for each group you sponsor
- ✓ Outcomes across a group, with small groups withheld
- ✓ Your invoice

What you never see

- × Their search, or the roles they go after
- × The companies they target
- × Their activity or sign-ins
- × Whether any one person has landed

Anyone can end it at any time and keep everything. With Direct Assistance, only a helper a person chooses sees what they share.

How it works

STEP 1
Talk to us
Tell us how many people are leaving and when. We set up your company's account.

STEP 2
Add the people leaving
Paste names and emails or upload a spreadsheet, grouped by team or date. Attach documents if you like.

STEP 3
Invitations go out
Right away. You're billed when you add people or as each accepts, so nobody lands on a payment screen.

STEP 4
Each person decides
They accept or decline. Accepting gives them Vector straight away.

STEP 5
The term ends on its own
Billing for that person stops. They keep their account and everything in it.

PRICING

$79

per person per month, plus $15 one-time setup per person

- ✓ **How you pay:** billed when people are added, or only when they accept: your choice. Either way, $15 setup and the first month ($79) per person
- ✓ From month two: $79 only in months someone uses Vector, and nothing after their term ends
- ✓ From month two, a group with one or two active is billed as three, so no invoice points at one person
- ✓ Terms of 3, 6 or 12 months per group, 6 unless you choose otherwise; invoiced net 30 or by card
- ✓ Everything in Vector included, AI coach and career counselor too; no human coaching

What HR usually asks first

Will we see how each person is doing?
No. You see who accepted and how each group is doing overall. Anything small enough to point at one person is withheld.

Can we share performance reviews?
Yes, if your legal team approves. They stay sealed until the person accepts and chooses what Vector may use; the rest is deleted, and nothing comes back to you.
